Please Note:

LAST CALL! Thank you to all members who have contributed information to this member’s survey. Your thoughts on streamlining registration processes, the luncheon pilot, programs for the future, and general comments will be very beneficial in providing SWESA’s Board advice for future initiatives. We hope to have as many members reply as possible for the best representation of feedback to share with the Board. If you haven’t had a chance to contribute yet, you will be able to provide your thoughts until the end of Sunday, January 22.

A summary of the survey results will be shared with the membership at the end of February.

The January luncheon will be cancelled due to the overwhelming response to the planned trip to Edmonton’s Confucius Centre. The February luncheon will be offered on February 22 from 12:00 pm – 2:00 pm; the Fat Tuesday pancake brunch is February 28 from 10:00 am – 12:00 pm.

REGISTRATION AND PAYMENT ARE REQUIRED BY FEBRUARY 10 TO RESERVE YOUR SEAT TO THE BEAVER REGIONAL ARTS SOCIETY IN HOLDEN, ALBERTA.

Please note: The trip is on Sunday, February 26 from noon – 8:00 pm. Bus, dinner and show are included.

Stay Connected:

The Canadian Multicultural Education Foundation (CMEF) trips are both full.

Please contact us should you wish to be placed on a waitlist; please remember to inform us of the need to cancel as soon as possible so that we can give away your seat.

On the Edge Speaker Series: Tracing the True Cost of Feeding Canadians

Dr. Lee Foote, PhD

We all eat. Some, like me, love to eat. What should we pay for an ear of Taber corn? How about a delicious Alberta pork loin? Let's trace back and see what the more complete cost-accounting would be when we consider the economic and environmental cost of our food. Let's explore without guilt or blame.

Dr. Lee Foote is a faculty member in the Department of Renewable Resources. His research portfolio is diverse with ecological studies published on wetlands, oil sands reclamation, and wildlife biology projects among others. He is a frequent speaker at ecological forums for government and social events.

The On the Edge Speaker Series features scholars and new professionals on the cutting edge of research from the University of Alberta's Faculty of Graduate Studies and Research.
